
Objective

I seek challenging opportunities where I can fully use my skills for the success of the organization.

Experience

- **Action against hunger**

01-04-2020 - 31-12-2020

Security Guard

Objective 1: Security

The watchman must:

- Filter and organise the entrance and exits, movement of people inside and outside the compound during the day and the night.
- Check the identity of visitors and refer to the person being visited (or expatriate for guesthouse)
- Take a record of ACF visitors and vehicles movements
- Crowd control whenever necessary
- Prevent any material or equipment being stolen
- Report immediately any disturbances or problems
- Report any improvement that can be made for the security: fence, buildings, organisation
- Report any major fault or events immediately

Objective 2: Mobile contacts

The watchman must:

- Ensure his mobile phone is fully charged and ready for contacts, especially at night
- Contact the supervisor according to the predefined schedule

Objective 3: Upkeep of the compound

The watchman must:

- Check daily the condition of the doors, windows and padlocks and inform Base Log or Head of Base if any problems have occurred
- Have a special attention concerning the cars parked close to ACF compound
- Keep the compound away from fire, animals and other risks and inform other staffs in case of such emergencies for help

Objective 4: Miscellaneous

The watchman must:

- Assist in case of (small) loading and offloading of vehicles
- Switch on/off of the generator
- Assist other employees when required

- **Dama**

01-10-2019 - 28-02-2020

Nutrition Assistant

- Carrying out basic health care (swabbing, applying local treatments, etc.) following the rules on hygiene and asepsis.
- Informing caretakers on the functioning of the centre: lay out, daily activity plan (number and frequency of the meals, medical visit, weight measurement, etc.) and other general information.
- Distributing meals according to medical prescriptions for each patient, ensuring that no other food is given in place. Reporting on daily basis, the intake of the patients under nutritional treatment.
- Providing hygienic training and sanitation education to children, mothers and the targeted population and stimulating mothers to breast-feed.
- Monitoring and reporting weight and other vital indicators, if necessary, (temperature, heart and respiratory rates) of each patient. Applying the correct procedures in the event of a fever or hypothermia and reporting to the nurse pathologic symptoms such as, apathetic, anorexia, not drinking, vomiting, fever, dehydration, diarrhea, etc. Preparing ORS, when required.
- Supervising drinking water availability in the ward, and ensuring it is well identified.
- Supervising the maintenance of clean premises and materials
- Performing minor maintenance and cleaning of the biomedical equipment following user manual and protocols. Alerting the supervisor in case of malfunctioning of any device

- **MSF**

01-01-2017 - 30-08-2019

Community Health worker

- Collect and report (to IEC/HP Supervisor) specific information related to his/her community: perception of the sickness, food security, vaccination status of children, perception of the services, constraints and strengths, vulnerability, level of information, living conditions and risks related;
- Deliver information to his/her community on specific health topics and about MSF, the services it provides;
- Consolidate the link between his/her community and the MSF services; give advise how to better involve his/her community in the activities of awareness and prevention; indicate possible local actors or local NGOs and community project which could be involved in awareness activities at a local level;
- Support the mapping of the territory and population: schools, churches, villages, gathering points; support and facilitate relations with local authorities of his/her community, where requested by the IEC/HP Supervisor; support MSF in the defaulter tracing activities
- Report to HP Supervisor: activities, problems met, strengths and constraints;
